ARTISTIC SKATING CLUB PROFILE SET UP NATIONAL FEDERATIONS' GUIDE

This guide is addressed to National Federations and provides all the necessary information to ensure a successful Artistic Skating Club profile set up on our Sports Entry Platform in order to approve and consequently allow the single Clubs to register their athletes to the World Skate Artistic Skating World Cup 2018, which will be held in Pesaro (Italy) from November 7 to November 11, 2018.

The aim of this guide is to provide all the authorized users accessing the Sports Entry Platform with an overview on how to create a Club Profile so that the single approved Clubs can log independently into World Skate Sports Entry Platform.

The Platform is a web-based system, which requires the users to log in using the access information already in possession of all the National Federations.

Let's start from the beginning!

You can always check your club User Accounts menu as well as you can change, modify or delete users' profiles, usernames and passwords as shown below

Lastly, we would like to remind you that the Artistic Skating World Cup is an event open to National Federations and to single Clubs. The limit is set on 5 groups for each specialty per Nation (National Federation and/or Club) except for Promotional Quartets and Groups (open category). The Hosting Nation can enter up to 7 groups for each specialty.

The limits are set as per the Artistic Skating Rulebook and any other official communication regarding this event.

The system works in the same way as usual, at this purpose we kindly ask all the National Federations to provide the Clubs with the Artistic Skating Platform User Guide that you can find on the Platform Homepage. The only differences concern the number of disciplines (you will only find "Precision", "Quartets" and "Show") and the possibility to choose different categories such as "Youth" and "Promotional".

Thank you for your attention.

We hope this guide can be useful and will help you throughout the whole Registration Process.

In case of need please do not hesitate to contact us at platform@worldskate.org.
